<p>NOTE: The Durafoam™ stocks listed above are comparable to the listed ® Rubatex stocks. These comparisons are based on the physical property charts as published by RBX Industries Inc. on its website as of February 2, 2004.</p>				

The MRPC stock numbers listed in these charts, we believe, are comparable to the RBX Industries, Inc. stock numbers based on their published physical property charts. When considering a competitive comparable material, please keep in mind that some materials have unique physicals that are not part of the recognized industry specifications and standards.

Customer sample evaluation and approval of any substitution is suggested. MRPC will supply free of charge, evaluation and testing of its materials to assist customers in their evaluation. For technical evaluation and support, please contact John M. Bonforte, Sr. Ext. 12.
